Corporate Profile

DigitalGlobe is a leading provider of commercial high-resolution earth observation and advanced geospatial solutions that help decision makers better understand our changing planet in order to save lives, resources and time. Sourced from the world's leading constellation, our imagery solutions deliver unmatched coverage and capacity to meet our customers' most demanding mission requirements. Each day customers in defense and intelligence, public safety, civil agencies, map making and analysis, environmental monitoring, oil and gas exploration, infrastructure management, navigation technology, and providers of location-based services depend on DigitalGlobe data, information, technology and expertise to gain actionable insight. DigitalGlobe is a public company listed on the NYSE as DGI, and is headquartered in Longmont, Colorado.

In January 2013, DigitalGlobe and GeoEye combined to become one DigitalGlobe, creating a company capable of providing greater value to customers through an integrated constellation and a broader set of products and services. For more information on the combination and its benefits, visit www.digitalglobe.com/combination.
